## Leaders: Born or Made

This age old question may never be fully answered; some leaders seem to be born for the role and some are chosen in a time of crisis. In most leadership development programs, the emphasis is on strategic planning and managerial skill building, which is indeed important. Vision has built its program on the philosophy of the 5 C's. In order of importance, they are:

- **Christ...** knowing him intimately and comprehensively.
- **Community...** for it takes a community of faith to know Christ and it develops...
- **Character...** or the Fruit of the Spirit in the life of the leader.
- **Calling...** a leader not called is a leader destined to fail.
- **Competency...** skills and strategic planning... put all together it develops a truly dynamic man or woman of God.
